

Infosys Agile Execution & Delivery Framework

Document ID: INF-PM-GUIDE-2026-V3

Department: Project Management Office (PMO)

Effective Date: February 1, 2026

Confidentiality: Internal

1. Sprint Lifecycle & Governance

All project teams must execute delivery using standard 2-week sprint cycles. Sprint Planning, Daily Standups, Backlog Refinement, and Sprint Retrospectives are mandatory governance cadences recorded in Jira.

2. Definition of Done (DoD) Standards

A user story is considered complete only when code meets 85% unit test coverage, passes automated static security scans (SonarQube), completes peer code review, and receives QA Sign-off in the Staging environment.

3. Client Progress Reporting

Project Managers must publish Weekly Status Reports (WSR) highlighting Sprint Velocity, Burndown Charts, Risk Logs, and Budget Utilization every Friday before 18:00 IST.
